## *THE EQUIPPING TRACK - Where Intentional Discipleship Comes To Life*

The Equipping Track is a series of learning opportunities that will help you deepen and strengthen your connection with God. It will also help you develop into a disciple who makes disciples. Each step on the journey is briefly explained below.

### WELCOME TO YOUR CHANGED LIFE

This is the first segment of the Equipping Track. Now that you have made the most important decision of your life by accepting Jesus Christ as your Savior, this booklet will help you review that important first step in becoming a disciple.

### BEGINNING THE JOURNEY

As you begin to grow in your faith there are some important skills that you'll need to acquire. This six-week journey is the second step on the Equipping Track. In this study you'll become acquainted with how to hear from God and you will develop the habits that will carry you through the rest of your spiritual development.

### THE ARRIVAL KIT

Before you became a Christian you made decisions based on a set of values. Those decisions created a foundation for all you have done. The Arrival Kit will help you to evaluate your foundation in light of Scripture and grow in your understanding of

kingdom values. As a result, you'll begin to reap the benefits of living out your life as a disciple of Christ.

### SMALL GROUPS

#### EXPERIENCING GOD

This comprehensive tool revolves around seven truths related to Christian living. As you progress through this study you will be challenged to walk closer to God, live by faith, and learn the benefits of submitting to Him completely.

#### HARMONY OF THE GOSPELS

As you develop in your relationship with God and move into positions of discipling others the foundations of ministry grows in importance. This systematic self-study of Jesus' life delves into the "why" and "how" of His ministry and will give you a chance to apply what you've learned.

#### PRECEPT UPON PRECEPT COURSES

These inductive studies on a variety of topics and books of the Bible will teach you to feed yourself from God's word. The inductive study method can be applied to any passage of Scripture and teaches how to slow down, look at a passage in context, and apply it to your own life.

#### TRUTH PROJECT

This powerful video series, produced by Focus on the Family, focuses on looking at life from a Biblical perspective and developing a Christ-centered worldview.

### ACCOUNTABILITY GROUPS

#### CULTIVATING A LIFE FOR GOD

Developing a group of fellow Christians to help with accountability is important to growing and staying on track. Through systematic Scripture reading and practical lifestyle questions, you'll develop that group with this tool.

#### HIGH QUEST I, II, AND III

A quest involves a journey with no plan of returning to the starting point, resulting in a changed life. These studies will take you on a quest where you'll come to know Christ deeply, reflect Christ authentically, and reproduce Christ intentionally.

#### EVERY MAN'S/WOMAN'S BATTLE

These books equip men and women with the tools necessary to maintain sexual integrity and enjoy healthy, productive relationships.

#### WILD AT HEART

This material helps men to understand what makes them come alive and stirs their hearts so that they can be released into the adventure that God has designed just for each man.

Our LEADERSHIP TRACK offers additional training and coaching opportunities. Information on it is in a separate brochure.
