

# SMALL GROUPS

*\*Occasionally you will see a group listed as closed. This simply means that the group is no longer able to take new members—either due to the group reaching it’s maximum effective size and/or the study is of such a nature that participation is required from the beginning. If you have any questions about a group or need help deciding where to plug in, please email Pastor Sue [impact@crossroadsc.co](mailto:impact@crossroadsc.co).*
